Dear Mr. Carr:

I talked to Eric Newman in Oklahoma City who told me that you were particularly interested in the pedigree of the gold ingot for which ODGSO issued a license on July 8, 1966, TGL-32-1003. In fact, I reviewed our correspondence and realized that you had asked for this information and that I had failed to respond.

The origin of this piece is information which is part of the official ODGSO files and it is up to them to release this data.

With best regards.

Sincerely yours,
